

The Spa of Villa Batalha Hotel is in a privileged area, with magnificent views of the Monastery, one of the Seven Wonders of Portugal, alongside the peaceful waters of the Lena River and surrounded by the aromatic fragrances of a garden where we can enjoy some of the flavours of the region as Lucia Lima, Lavender, Rosemary, Sage and Verbena.

Our offer of Body and Face Rituals is inspired by the Batalha region, with all its history and cultural heritage.

The treatments evoke luxury and wealth from the eras of leaves of gold and silk, transport our minds to the Age of Discovery by the use of spices like saffron and cinnamon, which moisturize and protects, using plants, vegetables and fruits from this region, focussing upon Rosemary, Lemon, Prince Herb and Quince.

The Spa Villa Batalha has 5 treatment rooms, sauna, Turkish bath, ice fountain, Jet and Vichy showers, spa bed, foot bath, exercise room and pool with jets of water.

To Rebalance, Detoxify or simply relax, we propose a wide selection of face and body treatments, manicure and pedicure and enjoyment of our tours in Rio and Garden Sensations of Aromas. Consult the 1, 2 e 4 days programs.
